

PRODUCT CODE – 1B28

## ACE POWER+

Asian Paints Ace Power+ is a smooth water-based, modified acrylic, exterior wall finish with Silicon additives. The Advanced Anti Fade Technology protects walls from getting faded due to UV rays.

### PRODUCT BENEFITS

#### Advanced Anti Fade Technology

Ace power+ has been fortified with advanced anti fade technology which resists shade fading due to uv rays.

#### Weather Guard

Ace power+ is specially formulated to withstand harsh environmental conditions like humidity and heat

#### Fantastic Shade Range

Ace power+ comes in over 1700 attractive shades that include dark shades that provide excellent hiding.

#### Advanced Anti Algal Formula

Ace power+ provides excellent resistance to growth of algae and fungi on the walls exterior this prevents appearance of black spots on walls due to algal growth

#### Warranty

Ace power+ comes with a comprehensive 4 year performance warranty\* which can be attributed to its best in class film integrity and sustained superior performance in field

for further details please refer to the ace power+ product warranty booklet

\* All Asian Paints products contain no added Lead, Mercury, Arsenic or Chromium hexavalent.

#### FINISH

✓ SMOOTH

Refer to sheen levels in technical details

\*\*Actual coverage may vary from the quoted coverage due to factors such as method and condition of application and surface roughness and porosity.

### HOW TO APPLY

#### PRE PAINTING STEPS

**PLASTER** New masonry surfaces must be allowed to cure completely. It is recommended to allow 28 days as the curing time for new masonry surfaces.

**CLEANING** Surface should be free from any loose paint, dust or grease. Growths of fungus, algae or moss should be removed by wire brushing and water. When the underlying surface exhibits chalkiness, in spite of thorough surface cleaning, use Asian Paints SmartCare Primer.

**FILLING FOR CRACKS** For filling cracks upto 3mm use Asian Paints SmartCare Crack Seal.

**FILLING FOR HOLES & DENTS** In case of dents and holes use Asian Paints TruCare Wall Putty or a mix of white cement and fine sand in the ratio 1:3.

**For exterior surfaces or substrates that are subjected to continuous seepage or dampness, kindly use Asian Paints SmartCare DampProof, before the top coat application.**

#### PAINT APPLICATION PROCESS

APPLICATION	PRODUCT CODE	THINNER	DILUTION % (BY VOLUME)	APPLICATION VISCOSITY (SEC)	RECOATING PERIOD <sup>2</sup> (HOURS)
STEP 1 ASIAN PAINTS TRUCARE WALL PUTTY (OPTIONAL)	0079	WATER	BASED ON REQUIREMENT TO FORM PASTE	PASTE FORM	4 HRS

### FORESITE SERVICE

Choosing the right combination of shades for your home can be difficult. At such times, you could do with some professional help. Asian Paints Foresite provides you with prints for your home in 3 colour combinations, as selected by you. Visit an Asian Paints Colour World retail store which offers this service, and furnish a digital photograph (resolution 300-dpi or more) to the dealer.

## ADDITIONAL INFORMATION

### POST PAINTING CARE

For the best performance of the paint, ensure proper washing and cleaning of all algal and fungal growth, if any, at regular intervals of six months.

### PRECAUTIONS

- Do not apply when ambient temperature is less than 10°C or if the temperature might drop to this level within 4 hours of application.
- Do not over-thin or over-extend the brush.
- Tint using Asian Paints machine colourants only.
- Stir well and strain before use.
- Tinted paints need thorough shaking immediately after tint addition as well as before use.
- No roller application.
- Whitish appearance may appear during rainy season, but the same will fade away post regular exposure to sun light and reduced humidity.

### TECHNICAL DETAILS

- a. **Drying time:** Surface dry time 30 minutes
- b. **Flash point IS101/1987 Part 1, Sec 6:** NA
- c. **Stability of thinned paint:** To be used within 24 hours

### SAFETY FEATURES

- Kindly refer to the MSDS for Asian Paints Ace Power+ Clear which gives detailed information on safety measures while handling the paint, which is available on request.
- Store the container with the lid tightly closed in an upright position, in a cool, dry place.
- Keep out of reach of children and away from eatables.
- May be harmful if swallowed. In case of ingestion seek immediate medical attention.
- Wear eye protection during application. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
- In case of skin contact immediately wash skin with soap and plenty of water. Get medical attention if irritation develops or persists.
- Do not breathe vapour or spray. It is recommended to wear suitable nose pad during sanding and surface preparation to avoid dust inhalation.
- Do not pour leftover paint down the drain or in water courses.
- In the event of spills, contain spillage using sand or earth.
- No added Lead, Mercury or Chromium compounds.
- Left-Over Paint Disposal: Left-over paint/drums should not be disposed in soil/drains.
- Consumers should consult a local recycling agency for proper disposal of paint/drums.
